

ZTYLUS APPLE PENCIL CASE INSTALLATION

1

Twist the top half of the case counterclockwise to disassemble the Pencil Case.

2

Rotate and align the two dots together.

3

Twist the metal screw counterclockwise to the unlock position.

4

Slide the Apple Pencil into the case until it reaches the end.

5

Tighten the metal screw onto the Pencil to secure it in place.

6

Reinstall the top half of the case and twist it clockwise until it is secured.

7

Retracted Mode

Twist the pen counterclockwise until pen tip is hidden when not in use.

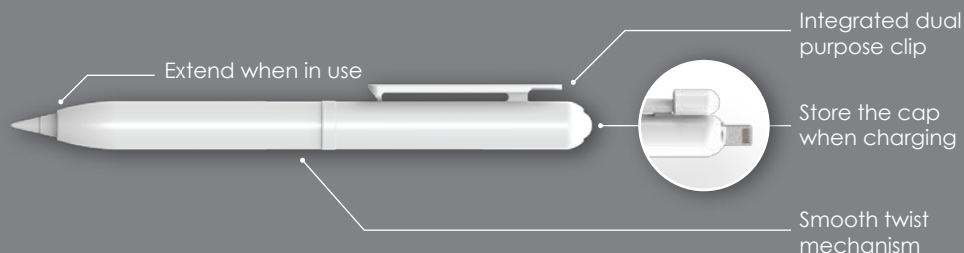

8

Extended Mode

Twist the pen clockwise to extend the pen and it's ready to use.

HOW TO USE ZTYLUS APPLE PENCIL CASE

Retracted Mode

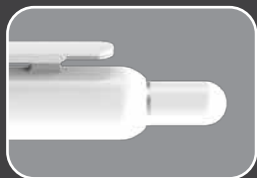

Extended Mode

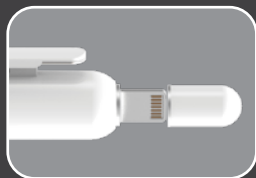

RETRACTABLE DESIGN

When you aren't using the Apple Pencil, retract it into the case to protect the fragile tip from accidental damage.

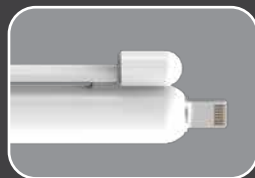

INTEGRATED DUAL PURPOSE CLIP

Apple Pencil cap

Remove the cap

Store the cap on the clip

Clip it onto your clothes or bag

Stop your pencil from rolling away
